***What is a Community Dance?***

Community dances are for all ability and enthusiasm levels. We start with a beginners lesson and easier dances, getting more complex through the evening. You don't need extensive lessons—in the contra tradition we learn from each other as we go.

***What is a Family Dance?***

Family Dances are for kids and families featuring easy, un-intimidating dances. They start at 5:30pm and run until 6:30, followed by a potluck dinner and a regular community dance. Reduced admission to the community dance if you attend the family dance!

***What is a Dance Party?***

Dance parties are for experienced dancers who already know the basic moves such as balance & swing, allemande, do-si-do, ladies chain, stars, and Hey for 4.

No lesson, minimal instructions, and quick walkthroughs, allowing for more energetic and complex dances. If you think you might be ready for this you probably are.
